ANIMAL CENTER
Volunteer of the Month

MARY ELLEN COSTANZO

Mary Ellen is among our angel volunteers who started coming in just to do the grunt work that the shelter needs on a day-to-day basis. The unglamorous work of filling Kongs, scrubbing litter pans, and going back and forth to the laundry machine every 45 minutes, is something that Mary Ellen has not only been doing week in, week out since she start volunteering with us last June, but something she manages to do with so much grace and so much cheer that it brings a smile to everyone who works alongside her.

In the last few months, Mary Ellen has been training to walk dogs, as well, and though she hasn't done away with the grunt work, her compassion and care with the dogs she works with is so apparent, even through the hallway windows. If all of that weren't enough, Mary Ellen was also a part of the team at the 150th anniversary celebration that were doing dishes and helping our catering group all evening.

Mary Ellen is truly a joy to have on our roster.

THANK YOU, MARY ELLEN!

We're so thankful you're a part of our team!
