

# WOMEN'S ANIMAL CENTER

Volunteer of the Month

## JENNIFER LOVE

Jen started volunteering with us in April, and since she started has been coming twice a week most weeks to either spend some time on shelter tasks like laundry, dishes, and Kongs, or getting literally every single dog out for some time in the yard. She's also helped with adoption events, community events, and joined the

Shelter All-Star group. Any way that Jen can get involved, she has, and she has done it with curiosity, joy, and warmth. She is a delight to be around, so even though the dogs get most of the benefit of her company, the staff is grateful to get to spend some time with her, too. Her attention to the dogs, her generosity, and her kindness make her an incredible asset to our organization.

## THANK YOU, JEN!

*We're so grateful you're a part of our team!*
