**ANIMAL CENTER**  
Volunteer of the Month

**DEAN TAKLIF**

Dean has been volunteering with WAC for over two years now and has spent many a weekday evening getting to know our cats. He always has insight, especially on some of our trickier felines, and he took to positive reinforcement quickly. The cats adore Dean, and he's such a warm presence in our facility – often sparking up conversations with adopters that end up with great adoption matches and always a lending a helping hand to our kennel staff and adoption team.

It's been such a pleasure to have Dean as a part of our volunteer crew, and we look forward to the evenings he spends in the cat room.

**THANK YOU, DEAN!**

*We're so grateful you're a part of our team!*
